## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the  
Township Committee  
Township of Wall  
Wall, New Jersey 07719

### Report on the Financial Statements

We have audited the accompanying comparative statements of assets, liabilities, reserves and fund balance--regulatory basis of the various funds of the Township of Wall, County of Monmouth, State of New Jersey as of December 31, 2014 and 2013, and the related comparative statements of operations and changes in fund balance--regulatory basis for the years then ended, the related statements of revenues--regulatory basis, statements of expenditures--regulatory basis, and the related notes to the financial statements for the year ended December 31, 2014.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As discussed in Note 1 to the financial statements, the Township of Wall prepares its financial statements using accounting practices that demonstrate compliance with regulatory basis of accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between these regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township of Wall, County of Monmouth, State of New Jersey, as of December 31, 2014 and 2013, or the results of its operations and changes in fund balance for the years then ended.

### **Basis for Disclaimer of Opinion on General Fixed Assets Account Group**

The Township has not completed a Fixed Assets inventory and has not prepared a Statement of Fixed Assets Account Group as of December 31, 2014.

### **Disclaimer of Opinion on General Fixed Assets Account Group**

Due to the fact that we were unable to audit a Statement of General Fixed Assets for the year ending December 31, 2014, we do not express an opinion of the General Fixed Assets Account Group financial statements.

### **Basis for Modified Opinion on Regulatory Basis of Accounting**

As discussed in Note 1, the financial statements of the Length of Service Award Program Fund (“LOSAP”) Trust Fund has not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Township’s financial statements as of and for the years ended December 31, 2014 and 2013. The LOSAP Trust Fund financial activities are included in the Township’s Trust Fund, and represent 3.37% and 4.55% of the assets and liabilities, respectively, of the Township’s Trust Funds as of December 31, 2014 and 2013.

### **Modified Opinion on Regulatory Basis of Accounting**

In our opinion, except for the LOSAP Trust Fund financial statements as described in the “Basis for Modified Opinion on Regulatory Basis of Accounting” paragraphs, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance--regulatory basis of the various funds of the Township of Wall, County of Monmouth, State of New Jersey, as of December 31, 2014 and 2013, and the results of its operations and changes in fund balance --regulatory

basis of such funds for the years then ended, and the related statements of revenues--regulatory basis, statements of expenditures--regulatory basis of the various funds, and the related notes to financial statements, for the year ended December 31, 2014 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

## **Other Matters**

### **Report on Supplementary Information**

Our audit was made for the purpose of forming an opinion on the financial statements referred to in the first paragraph as a whole. The supplemental financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not a required part of the above financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the above financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2015 on our consideration of the Township of Wall's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Wall's internal control over financial reporting and compliance.

Respectfully submitted,

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and Members of the  
Township Committee  
Township of Wall  
Wall, New Jersey 07719

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Township of Wall (herein referred to as “the Township”), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Township’s basic financial statements, and have issued our report thereon dated June 24, 2015.

Our report on the financial statements – regulatory basis was adverse to indicate that the financial statements were not prepared and presented in accordance with account principles generally accepted in the United States of America but rather prepared and presented in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the State of New Jersey for municipal government entities as described in Note 1.

Our report on the financial statements – regulatory basis included a disclaimer of opinion on the General Fixed Assets Account Group.

Our report on the financial statements – regulatory basis included a modified opinion on the financial statements of the Length of Service Award Program Fund (“LOSAP”) Trust Fund. As discussed in Note 1 of the LOSAP Trust Fund financial statements were not audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as a part of our audit of the Township’s financial statements as of and for the year ended December 31, 2014. With the exception of the LOSAP Trust Fund our opinion on the financial statements – regulatory basis was unmodified.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Township’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Township’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination

of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Comments & Recommendations to be material weaknesses as Finding No's. 2014-001 and 2014-002 .

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which are described in the accompanying Comments & Recommendations section as Finding No's. 2014-001, 2014-002 and 2014-003.

### **Response to Findings**

Township of Wall's response to the findings identified in our audit is described in the accompanying Comments & Recommendations section. Township of Wall's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

## TOWNSHIP OF WALL

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2014

#### Note 1. Summary of Significant Accounting Policies

##### Reporting Entity

The Township of Wall was incorporated on March 7, 1851 and is located along the shore of central New Jersey in the County of Monmouth. The population according to the 2010 census is 26,164.

##### Component Unit

The Township of Wall had no component unites as defined by Governmental Accounting Standards Board Statement No. 14.

##### Basis of Accounting, Measurement Focus and Basis of Presentation

The financial statements of the Township of Wall contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Township of Wall accounts for its financial transactions through the use of separate funds which are described as follows:

**Current Fund** - resources and expenditures for government operations of a general nature, including Federal and State Grant funds.

**Trust Funds** - various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

**General Capital Fund** - receipt and disbursement of funds for the acquisition of capital facilities, other than those acquired in the Current Fund.

**Water/Sewer Utility Operating Fund** - revenue and expenditures necessary to operate a Township owned sewer system from user fees.

**Water/Sewer Utility Capital Fund** - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of sewer capital facilities, other than those acquired through the Sewer Utility Operating Fund, including the status of bonds and notes authorized for said purposes.

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2014

#### Note 1. Summary of Significant Accounting Policies (continued):

**Water/Sewer Utility Assessment Fund** - is used to account for the receipt and disbursement of funds for special assessments levied on specific property owners.

**Public Assistance Fund** - is used to account for resources restricted in use for the general welfare of citizens living within the Township.

**General Fixed Asset Account Group** - to account for fixed assets used in general government operations.

**Budgets and Budgetary Accounting** - The Township must adopt an annual budget for its current, water/sewer utility fund and utility assessment trust fund in accordance with *N.J.S.A.40A:4* et seq. *N.J.S.A.40A:4-5* requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the Township. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with *N.J.S.A.40AA-9*. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

**Cash and Cash Equivalents** - Cash and cash equivalents include petty cash, change funds, and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. *N.J.S.A.40A:5-15.1* provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies. *N.J.S.A.17:9-41* et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories

#### Note 1. Summary of Significant Accounting Policies (continued):

include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Township requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

**General Fixed Assets** - Accounting for governmental fixed assets, as required by *N.J.A.C.5:30-5.6*, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. In some instances, assets are valued at the assessed valuation of the property at the time of acquisition, which approximates fair value. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

## TOWNSHIP OF WALL

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2014

#### Note 1. Summary of Significant Accounting Policies (continued):

**Utility Fixed Assets** - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment and improvements and contributed capital.

**Foreclosed Property** - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the Township to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed assets account group. If such property is converted to a municipal use, it will be recorded in the general fixed assets account group.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally over-expenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

**Deferred Charges to Future Taxation Funded and Unfunded** - Upon authorization of capital projects, the Township establishes deferred charges for the costs of the capital projects to be raised by the future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for that particular year in the Current Fund Budget. As funds are raised, the deferred charges are reduced.

**Fund Balance** - Fund balances included in the current fund, general capital fund, utility operating fund, utility capital fund and utility assessment trust fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Monmouth, the Township of Wall School District and the Special Districts. Unpaid property taxes are subject to tax sale in accordance with the statutes.

**School Taxes** - The Township is responsible for levying, collecting, and remitting school taxes for the Township of Wall School District. Operations are charged for the full amount required to be raised from

#### Note 1. Summary of Significant Accounting Policies (continued):

taxation to operate the local school district for the period from July 1 to June 30, increased by the amount deferred at December 31, 2013 and decreased by the amount deferred at December 31, 2014.

**County Taxes** - The Township is responsible for levying, collecting, and remitting county taxes for the County of Monmouth. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

**Reserve for Uncollected Taxes** - The inclusion of the "reserve for uncollected taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid; however, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with *N.J.A.C.5:30-5.2*. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital, utility capital and utility assessment trust funds. Where an improvement is a "Local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

**Compensated Absences and Postemployment Benefits** - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis

**Volunteer Length of Service Award Plan** - The Township has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Township's volunteer First Aid

Squad members. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "Length of Service Award Plan under Section 457(e)11 of the Internal Revenue Code".

LOSAP Trust Fund has not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Township's financial statements.

*N.J.A.C.5:30-14.49* requires that the Township perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accounts Statements for Accounting and Auditing Review Services.

**Note 2. Cash and Cash Equivalents**

The Township is governed by the deposit and investment limitations of New Jersey state law. The Deposits and investments held at December 31, 2014, and reported at fair value are as follows:

Type	Carrying Value
<b>Deposits</b>	
Demand Deposits	<u>\$ 16,768,409.53</u>
Total Deposits	<u><u>\$ 16,768,409.53</u></u>
<b>Reconciliation of Statement of Assets, Liabilities, Reserves and Fund Balance:</b>

Assessment Trust	1,952,509.17
Public Assistance Fund	<u>12,372.79</u>
Total Cash	<u><u>\$ 16,768,409.53</u></u>

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Township in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the Township relative to the happening of a future condition. Such funds are shown as uninsured and uncollateralized in the schedule that follows.

**TOWNSHIP OF WALL**

**NOTES TO THE FINANCIAL STATEMENTS (continued)  
FOR THE YEAR ENDED DECEMBER 31, 2014**

**Note 2. Cash and Cash Equivalents (continued):**

As of December 31, 2014, the Township's bank balances of \$17,775,803.94 were exposed to custodial credit risk as follows:

Uninsured & Uncollateralized	\$ 6,168,355.47
Insured Under F.D.I.C.	512,469.79
Collateralized Under GUDPA	<u>11,094,978.68</u>
Total	<u>\$ 17,775,803.94</u>

**Note 3: Investments**

**Custodial Credit Risk** - For an investment, custodial credit risk is a risk that, in the event of the failure of the counterparty, the Township will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Township and are held by either the counterparty or the counterparty's trust department or agent but not in the Township's name. All of the Township's investments are held in the name of the Township and are collateralized by GUDPA.

**Investment Interest Rate Risk** - Interest rate risk is the risk that changes in interest rates that will adversely affect the fair value of an investment. The Township has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investments at December 31, 2014, are provided in the above schedule.

**Investment Credit Risk** - The Township has no investment policy that limits its investment choices other than the limitation of state law as follows:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- Government money market mutual funds;
- Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor;
- Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by the Township;
- Local Government investment pools;
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
- Agreements for the repurchase of fully collateralized securities.

As of December 31, 2014, the Township had the following investments and maturities:

**Note 4: Pension Plans**

The Township contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several Township employees participate in the Defined Contribution Retirement Program (DCRP), which is a defined contribution pension plan and is also administered by the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey  
Division of Pensions and Benefits  
P.O. Box 295  
Trenton, New Jersey 08625-0295

Public Employees' Retirement System - The PERS was established in 1955. The PERS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by *N.J.S.A.43:15A* and *43:3B*.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5.0% of their annual covered salary. Effective July 1, 2008, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2008, the increase is effective with the payroll period that begins immediately after July 1, 2008. Pursuant to the provisions of Chapter 78, P.L. 2011, effective October 1, 2011, the active member contribution rate was increased to 6.5%. An additional 1.0% increase will be phased-in over seven years beginning on July 1, 2012. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

**Note 4: Pension Plans (continued):**

<b>Fiscal Year</b>	<b>Normal Contribution</b>	<b>Accrued Liability</b>	<b>Chapter 19 P.L. 2009</b>	<b>Other Liability</b>	<b>Total Liability</b>	<b>Funded by Township</b>
2014	\$ 258,759.00	\$ 601,649.00	\$ 45,240.00	\$ 14,633.00	\$ 920,281.00	\$ 920,281.00

**Police and Firemen's Retirement System** - The PFRS was established in 1944. The PFRS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by *N.J.S.A.43:16A* and *43:3B*.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased to 10.0% in October, 2011. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<b>Fiscal Year</b>	<b>Normal Contribution</b>	<b>Accrued Liability</b>	<b>Chapter 19 P.L. 2009</b>	<b>Other Liability</b>	<b>Total Liability</b>	<b>Funded by Township</b>
2014	\$ 702,366.00	\$ 859,602.00	\$ 121,466.00	\$ 59,611.00	\$ 1,743,045.00	\$ 1,743,045.00

**Defined Contribution Retirement Program** - The Defined Contribution Retirement Program (DCRP) is a cost-sharing multiple-employer defined contribution pension fund which was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A 43:15C-1 et. seq.) and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by *N.J.S.A.43:15C-1* et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Township's contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

The Township's contributions were as follows:

**Note 9: Self-Insurance**

The Township is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; error or omission, injuries to employees; and natural disaster. The Township is a member of the Monmouth County Municipal Joint Insurance Fund (“JIF”). The Joint Insurance pool is a public entity risk pool currently operating as a common risk management and insurance program for municipalities established for the purpose of insuring against property damage, general liability, motor vehicle and equipment liability and workers’ compensation. While additional assessments on premiums can be levied by the JIF to assure payments of the Fund’s obligations, no such additional premiums have been necessary as of December 31, 2014. The JIF is expected to be self-sustaining through member premiums, reported as expenditures in the Township’s financial statements and liabilities are based on the estimated ultimate cost of settling the claims. The JIF participates in the Municipal Excess Liability Program which has a contract for excess liability for property. The Township is not aware of any claims pending that have a demand in excess of this coverage.

**Note 10: Compensated Absences**

As discussed in Note 1, and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township’s liability related to unused sick pay. The Township permits its employees to accumulate unused sick and vacation pay. The Township estimates the current cost of such unpaid compensation to be \$4,684,791.35. In accordance with New Jersey principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

**TOWNSHIP OF WALL**

**NOTES TO THE FINANCIAL STATEMENTS (continued)  
FOR THE YEAR ENDED DECEMBER 31, 2014**

**Note 11: Deferred Compensation Salary Account**

The Township offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefits of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Township's financial statements.

**Note 12: Interfunds Receivables and Payables**

The following interfunds remained as of December 31, 2014:

Fund	Interfund Receivable	Interfund Payable
Current Fund	\$ 450.08	\$ 25,999.00
Federal and State Grant Fund	9,759.00	16,679.00

Trust Other Fund	1,223,690.92	436.72
	<u>\$ 1,256,140.00</u>	<u>\$ 1,256,140.00</u>

The purpose of these interfunds is short-term borrowings.

**Note 13: Capital Debt**

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the Township at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

**Note 16: New Jersey Unemployment Compensation Insurance**

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et seq.). The Township has elected to provide a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. All funds collected from employees are transmitted to the State for this period. The following is a summary of the Township's Reserve for Unemployment Compensation Insurance for the current and previous year:

<u>Fiscal</u> <u>Year</u>	<u>Employee</u> <u>Contributions</u>	<u>Amount</u> <u>Reimbursed</u>	<u>Ending</u> <u>Balance</u>
2014	32,950.85	61,370.21	185,527.43

2012	37,908.32	34,697.11	196,180.86

**Note 17: Other Post-Employment Benefits**

The Township of Wall has completed its required actuarial valuation report for its Postretirement Healthcare Plan as of December 31, 2012 as required by Governmental Accounting Standard No. 45 (GASB 45). The following information is a summary of that report dated July 2014.

**A. Eligibility**

- Retire after 15 or more years of service with the Township and attainment of age 62;
- Retire after 25 or more years of service with the Township, and for non-police also attain age 55;  
or
- Retire under disability retirement from PERS or PFRS

Benefits are provided to the retiree and dependents and stop after retiree attains age 65. Benefits continue for the surviving spouse until the retiree would have attained age 65.

**B. Medical Benefits**

Medical Benefits are provided through a fully-insured POS plan with Aetna

**C. Prescription Drug Benefits**

Prescription drug benefits are provided through a fully-insured plan with Aetna. There is a co-pay of 20% of submitted costs.

**D. Medicare**

Medicare benefits coordinate with Medicare primary and the Township plan secondary for retirees eligible for Medicare. Medicare eligible retirees and dependents are required to enroll in Medicare Part B. The Township does not reimburse Medicare eligible retirees and spouses for the cost of the Medicare Part B premium.

## TOWNSHIP OF WALL

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2014

#### Note 17: Other Post-Employment Benefits (continued):

##### E. Cost

Any employee who retires after satisfying the eligibility requirements who had less than 20 years of PERS or PFRS as of June 28, 2011, shall be required to contribute toward the cost of postretirement healthcare benefits. The retiree contributions are based on a percentage of the postretirement healthcare cost. The contribution percentages, which are phased-in over a four-year period, vary based on healthcare coverage tier and amount of PERS or PFRS pension amounts.

The plan is funded by the Township through self-insurance; therefore, there are no premium payments to the insurance carriers for these benefits.

**Retirees** - The Township presently funds its current retirees post-employment benefit costs on a “pay-as-you-go” basis. The Township has established a self-insurance fund, and accounts for such in its trust-other funds. The Township’s contributions, for retirees, to the plan for the year end December 31, 2012 was \$863,000.

**Future Retirees** - In accordance with Statement No.45 the Governmental Accounting Standards Board, the Township is required to calculate the annual contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The ARC includes costs of both current and future retirees. As a result of the Township’s basis of accounting, as described in Note 1, the ARC is not required to be expensed as it would if the Township’s accounting basis followed generally accepted accounting principals (GAAP). The Township’s current ARC was determined to be \$2,191,148.00 at an unfunded discount rate of four percent (4%). As stated above, the Township funded the cost of existing retirees in the amount of \$863,000.00 for the year end December 31, 2012, but has not yet begun funding the outstanding liability.

**Annual OPEB Cost** - For year ended December 31, 2012, the Township’s annual OPEB cost of \$2,077,558.00 for the plan was equal to the ARC plus certain adjustments because of the Township’s actual contributions in prior years differed from the ARC. The Township’s annual required contribution (ARC), the interest on the net OPEB obligation, the adjustment to the ARC, the increases or decreases in the net OPEB obligation, the net OPEB obligation, and the percentage of annual OPEB cost contributed to the plan for the year ended December 31, 2012 and December 31, 2009 was as follows:

**Actuarial Assumptions and Methods**

**Actuarial Assumptions**

Actuarial assumptions were based on the actual experience of the covered group, to the extent that creditable experience data was available, with an emphasis on expected long-term future trends rather than giving undue weight to recent past experience. The reasonableness of each actuarial assumption was considered independently based on its own merits, its consistency with each other assumption, and the combined impact of all assumptions. In accordance with local Finance Notice 2007-15 issued by the New Jersey Department of Community Affairs, demographic and health care assumptions consistent with the assumptions used by the New Jersey Division of Pensions and Benefits and the State Health Benefits Plan (SHBP) as reported in their July 1, 2012 Actuarial Valuation to value the GASB obligations were used. The actuarial assumptions to value postretirement medical liabilities can be categorized into three groups:

## TOWNSHIP OF WALL

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2014

#### Note 17: Other Post-Employment Benefits (continued):

*Economic Assumptions* – the discount rate and health care cost trend rates, and salary and Social Security Taxable Wage Base increases for the determination of projected pension payments. The economic assumptions are used to account for changes in the cost of benefits over time and to discount future benefit payments for the time value of money.

- Discount Rate - The investment return assumption (discount rate) should be estimated long-term investment yield on the investments that are expected to be used to finance the payments of benefits. The investments expected to be used to finance payments of benefits. The investments expected to be used to finance the payments of health benefits would be plan assets for funded plans, assets of the employer for pay-as-you-go plans, or a proportionate combination of the two plans that being partially funded. The discount rate is 4% for purposes of developing the liabilities and Annual Required Contribution on the basis that the Plan would not be funded. This rate is the same discount rate as used in the previous valuation.
- Health Care Cost Trend Rates – Annual claims were assumed to decrease starting at 8.5% for Pre-65 Medical and Prescription Drugs and 5% Post-65 Medical in year 2013 and grading down to 5% in Year 2020 and later, with different periods over which 5% is reached for Pre-65 Medical, Post-65 Medical and Prescription Drug.
- Salary Increases – 3% per year.
- Social Security Taxable Wage Base Increases – 3% per year.

*Benefit Assumptions* – The valuation projects the cost to the Township of providing medical benefits to employees who remain in the medical plan after retirement (postemployment coverage). Future retirees are assumed to remain in the same medical plan they were covered under while active. Under the rules set out in GASB 45, both the direct contribution and any implicit subsidy must be considered in measuring post-retirement medical benefit obligation.

*Demographic Assumptions* – Including the probabilities of retiring, dying, terminating (without benefit), becoming disabled, recovery from disability, election (participating rates) and coverage levels.

#### Actuarial Methods

Actuarial Cost Method – There are several acceptable methods listed in the GASB standard. The actuarial cost method used to determine the plan's cost is the Projected Unit Credit method, the same method used in State of New Jersey Postemployment Benefits Other Than Pension July 1, 2012 Actuarial Valuation. Under this method, an actuarial accrued liability is determined as the actuarial present value of the portion of projected benefits which is allocated to service before the current plan year. In addition, a normal cost is determined as the actuarial present value of the portion of projected benefits which is allocated to service in the current plan year for each active participant under the assumed retirement age.

Asset Valuation Method – The plan is currently unfunded.

Amortization Method and Period – The unfunded accrued liability is amortized as a level dollar amounts using an open period of 30 years.

**NOTES TO THE FINANCIAL STATEMENTS (continued)  
FOR THE YEAR ENDED DECEMBER 31, 2014**

**Note 18: Contingencies**

**State and Federal Financial Assistance**

The Township receives financial assistance from the State of New Jersey and the U. S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2014, the Township estimates that no material liabilities will result from such audits.

**Litigation**

The Township is involved in legal and administrative proceedings and claims of various types. While any litigation contains an element of uncertainty, Township Officials, based upon the opinion of the Township's Counsel, presently believe that the outcome of each such proceeding or claim which is pending or known to be threatened, or all of them combined, will not have a material adverse effect on the Township's financial position or adversely affect the Township's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

**Note 19. Accounts Receivable**

Accounts receivable at December 31, 2014 consisted of intergovernmental grants, taxes, utility rents and other accounts receivable. All receivables are considered collectible in full due to the stable condition of state programs and the current fiscal year guarantee of federal funds. Accounts receivable as of fiscal year end for the Township's individual major and fiduciary funds, in the aggregate, are as follows:

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
OMB CIRCULAR A-133**

Honorable Mayor and Members  
of the Township Committee  
Township of Wall  
County of Monmouth  
State of New Jersey

**Report on Compliance for Each Major Federal Program**

We have audited Township of Wall's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended December 31, 2014. The Township of Wall's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Township of Wall's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards, OMB Circular A-133, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township of Wall's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Township of Wall's compliance with those requirements.

### ***Opinion on Each Major Federal Program***

In our opinion, the Township of Wall complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

### ***Other Matters***

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133.

### **Report on Internal Control Over Compliance**

Management of the Township of Wall is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township of Wall's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Wall's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the Township of Wall as of and for the year ended December 31, 2014, and have issued our report thereon dated June 24, 2015, which contained a modified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Respectfully submitted,

**HOLMAN FRENIA ALLISON, P.C.**

**COMMENTS AND RECOMMENDATIONS  
FOR THE YEAR ENDED DECEMBER 31, 2014**

The Honorable Mayor and Members of the  
Township Committee  
Township of Wall  
Wall, New Jersey 07719

We have audited the financial statements – statutory basis of the Township of Wall in the County of Monmouth for the year ended December 31, 2014.

### Scope of Audit

The audit covered the financial transactions of the Treasurer, Tax Collector, and Water-Sewer Utility Collector, the activities of the Mayor and Committee and the records of the various outside departments.

Cash on hand was counted and cash balances were reconciled with independent certifications obtained directly from the depositories.

The accrued and realized revenues for the various Township Departments as shown on the Statements of Revenue and Revenue Accounts Receivable are presented as recorded in the Township records.

In accordance with requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the following are the *General Comments* and *Recommendations* for the year then ended.

## GENERAL COMMENTS

### Contracts and Agreements Required to be advertised by (N.J.S.A.40A:11-4)

*N.J.S.A.40A:11-4* - Every contract or agreement, for the performance of any work or furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other Law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$17,500 except by contract or agreement.

It is pointed out that the governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory minimum within the fiscal year.

Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

A test was conducted to determine that expenditures greater than \$2,625 obtained solicitation of quotes. The minutes indicate that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per *N.J.S.A.40A:11-5*.

Purchases were made through the State Division of Purchases and Property and were approved by resolution of the Township Council.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The compliance review of expenditures did not reveal any individual payments or contracts in excess of the statutory limit “for the performance of any work, or the furnishing of any materials, supplies or labor, or the hiring of teams or vehicles,” other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of *N.J.S.A.40A:11-6*.

## **Tax Collector**

### **Collection of Interest on Delinquent Taxes and Assessments**

*N.J.S.54:4-67*, as amended, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 2, 2014 adopted the following resolution authorizing interest to be charged on delinquent taxes:

“**BE IT RESOLVED** that the rate of interest to be charged for the nonpayment of taxes and water/sewer rents on the date when they become delinquent is hereby fixed as eight (8%) percent per annum of the first One Thousand Five Hundred Dollars (\$1,500.00) of the delinquency, and eighteen (18%) percent per annum on any amount in excess of One Thousand Five Hundred Dollars (\$1,500.00). The same to be calculated from the date of actual payment; provided, however, that no interest be charged if payment is made with ten (10) days after the date upon which same became payable.”

The Township also charges an additional 6% penalty on delinquencies in excess of \$10,000 at the end of the calendar year.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

### **Delinquent Taxes and Tax Title Liens**

The delinquent taxes at December 31, 2014 included real estate taxes for 2014 and 2013.

The last tax sale was held on October 2, 2014 and was complete.

Inspection of 2014 tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<b>YEAR</b>	<b>NUMBER OF LIENS</b>
2014	46
2013	46
2012	33

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get properties back on a taxpaying basis.

### **Deductions from Taxes**

The audit of senior citizen and veteran deductions on a test basis revealed that deductions appear reasonable.

### **Tax Collector's Annual Report**

*N.J.S.54:4-91* requires that on or before May 1<sup>st</sup> of each year, the Tax Collector shall file with the Treasurer and the governing body a statement of receipts during the preceding year as well as added assessments, taxes canceled and taxes unpaid as of December 31, all for the preceding tax year. This report was filed in 2014 with the governing body.

### **Payroll Fund**

The examination of the payroll fund included testing the detail computation of various deductions or other credits from the payroll of the Township employees.

### **Municipal Court**

A separate report for the Municipal Court transactions was filed in accordance with the requirements of the Local Finance Board.

As part of the test of the municipal court records, no attempt was made to differentiate between fines due the Township, County, or State, or to pass upon the authenticity of the preparation and procedures for complaints issued.

A test sample was selected of fifteen (15) traffic and criminal cases processed through the system. The purpose of the test was to determine that traffic fines were levied in accordance with State Statutes, that payments were deposited intact and on a timely basis, that dispositions were entered in traffic and criminal dockets, closure procedures for delinquent traffic tickets were enforced and that proper procedures were in effect for defendants paying on a the partial payment system. This test disclosed no discrepancies regarding fines being properly levied, entering of dispositions and closure procedures.

The computer software does not allow for a posting distribution in the cash receipts journal when a transaction involves both a check and cash payment being made by the defendant. The computer system requires this particular type of transaction be posted as either entirely cash or check. As a result of this limitation no test can be conducted to determine if the receipt detail batch totals from the journal agree with the detail of cash and checks deposited for that particular day.

A review of the partial payment system indicated that collection procedures are being enforced to collect delinquent balances.

**Finance Office:**

**Finding 2014-001:**

During our examination of Township's bank reconciliations, it was noted that the Trust Account bank reconciliation was not performed in a timely manner.

**Recommendation:**

In accordance with maintaining an internal control environment that is effective in prevention and/or identification of potential financial statement misstatement, the Township should complete timely bank reconciliations.

**Management Response:**

The Township agrees with this finding and will correct it accordingly

**\*Finding 2014-002:**

In accordance with N.J.S.A. 40A:4-57, all local units shall have and maintain a fixed assets accounting and reporting system that has a subsidiary ledger, consisting of detailed property records for controlling, additions, retirements and transfers of fixed assets, Such ledger shall be maintained and reconciled periodically and at the end of every fiscal year with the general ledger control accounts for fixed assets..

**Recommendation:**

That the Township obtains a complete inventory of its fixed assets and establish controls to properly account for additions and dispositions.

**Management Response:**

The Township agrees with this finding and is in the process of completing its fixed asset inventory during 2015 calendar year.

**\*Finding 2014-003:**

In accordance with N.J.S.A. 40A:4-57, no officer, board, body or commission shall, during any fiscal year, expend any money, incur any liability, or enter into any contract which by its terms involves the

expenditure of money for any purpose for which no appropriation is provided, or in excess of the amount appropriated for such purpose.

**Recommendation:**

That the Township, prior to the encumbering of purchase orders, verify that sufficient funds are available in the applicable budget appropriation line item in order to prevent the over-expenditure of funds.

**Management Response:**

The Township of Wall agrees with this finding and has corrected the issue in the 2015 budget.

**Prior Year Findings**

In accordance with Government Auditing Standards, our procedures included a review of all prior year findings. Corrective action was taken on all prior year findings except with those marked above with an asterisk (\*).
