Dear fellow resident:

The Township Committee and I recognize that residents are very concerned and may be having feelings of anxiety and fear about the growing number of Coronavirus (COVID-19) cases that have been reported in the United States, as well as the recently reported positive cases within New Jersey and Monmouth County. We would like to assure all residents that we are working diligently within Wall Township, in conjunction with our Board of Health and County and State agencies to respond vigilantly to the public health threat this virus has caused.

I have just finished participating in a statewide Office of Emergency Management teleconference regarding the current status of the Coronavirus (COVID-19) within the State of New Jersey. As has been the case with other issues that have faced the Township, we are prepared to respond to any issue we may face during this time. Our Police Department, Office of Emergency Management, and the Volunteer First Responders are monitoring all activities and coordinating resources to meet any needs that may arise.

In addition, I would like to take this opportunity to remind you that many of our other Municipal Office services can be accessed online. You will find a notice on our website home page that outlines these services and provides the necessary links to conduct these transactions. For your convenience during this time we are now able to process, certain aspects of construction and zoning via telephone through April 30<sup>th</sup>.

As you are aware this is a dynamic situation that continues to change over short periods of time. In an effort to keep you informed we will update our website with any special news or instructions as soon as necessary. We will also be utilizing our emergency reverse telephone system if necessary. If you are not already registered with this system, I ask you to please take this opportunity to do so.

Please register for the Emergency Notification System at: <http://www.wallpolice.org/emergency-notification-systems>

On behalf of the entire governing body, Township Administration, The Police Department, and all Township employees and volunteers I would like to take this opportunity to thank you for your patience and diligence while we manage this situation that has been brought upon us.

Stay well,

Mayor George K. Newberry
