

TOWNSHIP OF WALL

RESOLUTION NO. 19-1206

AUTHORIZATION TO SUBMIT AN APPLICATION TO THE COMPLETE STREETS TECHNICAL ASSISTANCE PROGRAM

WHEREAS, the New Jersey Department of Transportation Complete Streets Design Guide defines complete streets as follows: “Complete Streets are streets designed for all users, all modes of transportation, and all ability levels. They balance the needs of drivers, pedestrians, bicyclists, transit riders, emergency responders, and goods movement based on the local context”; and

WHEREAS, while the primary benefit of complete streets is improved safety, particularly for people who walk or bike who are the most vulnerable users of the street, there are other positive outcomes. Complete streets create better places to live, work, and do business. They can help improve the health of a community by encouraging people to walk and bike, bolster the local economy by generating foot traffic in business districts and provide greater mobility options for residents and visitors; and

WHEREAS, through the North Jersey Transportation Planning Authority’s FY2020 *Complete Streets Technical Assistance Program*, Sustainable Jersey will coordinate and the Voorhees Transportation Center at Rutgers University will provide planning-level technical assistance services to municipalities for a specific project related to advancing a complete streets initiative in their communities; and

WHEREAS, although no direct funding is provided, selected municipalities will receive free direct technical assistance services to complete a specific task related to advancing a complete streets initiative in their communities.

THEREFORE, BE IT RESOLVED the Township Committee of the Township of Wall authorizes Assistant Administrator, Kathleen E. Kohri, to submit an application to the *Complete Streets Technical Assistance Program* to receive free direct technical assistance services to complete a specific task related to advancing complete streets, and also commits pertinent municipal staff to coordinate and collaborate with Sustainable Jersey, Voorhees Transportation Center and the North Jersey Transportation Planning Authority to support the successful and timely delivery of technical assistance services.
